

## Trusted Partner for Defense, Cybersecurity, and Continuity Solutions

### Core Competencies

---

- **Cybersecurity & Risk Management**

Governance, Risk & Compliance (GRC), vulnerability assessments, incident response, and NIST/FISMA/FedRAMP compliance.

- **Program & Project Management**

PMO support, acquisition management, portfolio oversight, and largescale program execution using PMI and Lean Six Sigma standards.

- **Continuity & Emergency Management**

COOP, disaster recovery, emergency preparedness, and incident command system (ICS/NIMS) aligned planning.

- **IT Modernization & Cloud Solutions**

Enterprise IT portfolio management, secure system design, cloud migration, and modernization strategies.

- **Policy & Strategic Analysis**

Cyber and space policy development, DoD/Army IT policy, and interagency coordination to align with national security priorities.

### Differentiators

---

- **Active TS/SCI Clearance**

Immediate readiness for classified missions.

- **Proven Federal Leadership**

20+ years supporting Army, DoD, DHS, and U.S. Coast Guard missions.

- **Veteran-Led & Agile**

Mission-first leadership combined with small business adaptability.

- **Reliable Partner Network**

Providing mission assurance through experienced leadership and flexible small business solutions.

- **Low-Risk Partner**

Demonstrated ability to rapidly staff cleared personnel and deliver on niche mission requirements.

### NAICS Codes

---

- 541519 Other Computer Related Services
- 541611 Administrative Management & General Consulting Services
- 541512 Computer Systems Design Services
- 541990 All Other Professional, Scientific, and Technical Services
- 523920 Portfolio Management

## Key Clients & Experience

---

- **U.S. Army (G-2)**

Program management, IT portfolio oversight, and cybersecurity support, including secure JWICS accreditation and enterprise system modernization

- **Office of the Secretary of Defense (OSD)**

Cyber and space policy analysis, DSCA guidance, and inter- agency coordination with NASA, FBI, and Space Force.

- **Department of Homeland Security (DHS)**

Governance, risk, and compliance program support and continuity of operations planning.

- **U.S. Coast Guard**

Led emergency operations centers, continuity of operations, and national-level maritime domain awareness programs.

- **State & Local Emergency Management**

Supported FEMA, Florida DEM, and City of Jacksonville COVID-19 response, including execution of 80,000+ vaccinations.

## Past Performance Highlights

---

- Successfully delivered enterprise-wide IT modernization and cybersecurity programs supporting the Pentagon, improving mission readiness and data security.
- Executed large-scale program operations, acquisition planning, and technical oversight in support of U.S. Army Intelligence modernization efforts.
- Supported senior Department of Defense leadership with national-level policy analysis and recommendations on cyber, space security, and civil authority operations.
- Implemented emergency response and continuity of operations planning, recognized by FEMA as a best-practice model for federal agencies.
- Provided the U.S. Coast Guard with sustained 24/7 mission-critical operational support across multiple geographic regions
